ABOUT SARAMA RESOURCES LTD.

Sarama Resources Ltd. is a Canadian company with a focus on the exploration and development of gold deposits in West Africa. The board of directors and management team, a majority of whom are founders of the Company, are seasoned resource industry professionals with extensive experience in the exploration and development of world-class gold projects in Africa.

The South Houndé Project in south-west Burkina Faso is the Company’s flagship property and is currently the focus of an aggressive exploration program to increase the size of its maiden discovery and to test gold-in-soil anomalies located in a 30km-long structural corridor. Recent drilling programs at the South Houndé Project have intersected significant mineralisation in several prospect areas which the Company is actively following up. The Company has built substantial early stage exploration landholdings in prospective and underexplored areas of Burkina Faso (3,100 km²), Liberia (>880 km²) and Mali (>560 km²) and is aggressively exploring across the property portfolio.
