MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL INFORMATION

The accompanying condensed consolidated interim financial statements and all other financial information included in this report are the responsibility of management. The condensed consolidated interim financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"). Financial statements include certain amounts based on estimates and judgments. When alternative methods exist, management has chosen those it deems most appropriate in the circumstances to ensure that the consolidated financial statements are presented fairly, in all material respects.

Management maintains appropriate systems of internal control, consistent with reasonable cost, to give reasonable assurance that its assets are safeguarded, and the financial records are properly maintained.

The Board of Directors is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control. The Audit Committee, which is comprised of three Directors, all of whom are non-management and independent, meets with management to review the consolidated financial statements to satisfy itself that management is properly discharging its responsibilities to the Directors, who approve the consolidated financial statements.

Management recognizes its responsibility for conducting the Company's affairs in compliance with established financial reporting standards, and applicable laws and regulations, and for maintaining proper standards of conduct for its activities.

NOTICE OF NO AUDITOR REVIEW OF INTERIM FINANCIAL STATEMENTS

Under National Instruments 51-102, Part 4, subsection 4.3(3)(a), if an auditor has not performed a review of the interim financial statements, they must be accompanied by a notice indicating that the financial statements have not been reviewed by an auditor.

The accompanying unaudited condensed consolidated interim financial statements have been prepared by and are the responsibility of the Company's management. The Company's independent auditor has not performed a review of these financials statements in accordance with the standards established by the Canadian Institute of Chartered Accountants for a review of interim financial statements by an entity's auditor.

1. NATURE OF OPERATIONS

Sarama Resources Ltd (the "**Company**") was incorporated under the laws of the Province of British Columbia, Canada on April 8, 2010.

Statement of compliance

These condensed consolidated interim financial statements have been prepared in United States Dollars.

The board of directors of the Company have approved these condensed consolidated interim financial statements on May 30, 2017.

Business Activities
The consolidated entity, consisting of Sarama Resources Ltd. and its subsidiaries is in the exploration stage and its principal business activity is the sourcing and exploration of mineral properties. As at March 31, 2017, the Company is in the process of exploring its principal mineral properties and has not yet determined whether the properties contain gold reserves that are economically recoverable.

The unaudited condensed interim financial statements as at and for the three months ended March 31, 2017 (the "interim financial statements" comprise the accounts of Sarama Resources Ltd and its subsidiaries and the Company's interest in equity accounted investments

Basis of Presentation

These condensed consolidated financial statements have been prepared under the historical cost convention except for financial assets and liabilities at fair value through profit or loss and in accordance with International Financial Reporting Standards ("**IFRS**") as issued by the International Accounting Standards Board ("**IASB**") and Interpretations of the International Financial Reporting Interpretations Committee ("**IFRIC**"). These condensed consolidated interim financial statements have been prepared in accordance with IFRS applicable to the preparation of interim consolidated financial statements, including International Accounting Standard ("IAS") 34, "*Interim Financial Reporting*", and have been prepared following the same accounting policies as the annual consolidated financial statements for the year ended December 31, 2016 except as described in Note 2.

The condensed consolidated interim financial statements should be read in conjunction with the annual consolidated financial statements for the year ended December 31, 2016, which have been prepared in accordance with IFRS.

Going Concern

For the period ended March 31, 2017, the consolidated entity recorded a net loss of $532,401 and had a net cash outflow from operating and investing activities of $1,185,401. As at March 31, 2017, the consolidated entity had available cash of $1,138,050 and deficit of current assets over current liabilities of $617,951.

The Directors have assessed the need to acquire additional funding to continue to operate as a going concern for the foreseeable future. The Directors believe such funding will be obtained and therefore consider it appropriate to prepare the financial report on a going concern basis, which assumes the realisation of the consolidated entity's assets and the discharge of its liabilities in the normal course of business and at the amounts stated in the condensed consolidated financial statements.

Should additional funding be unable to be obtained, the Directors believe that the Company can remain a going concern by the further reduction of various operating expenditure. However, these circumstances indicate the existence of a material uncertainty which may cast significant doubt on the Company's ability to continue as a going concern.

2. SIGNIFICANT ACCOUNTING POLICIES

a) Changes in Accounting Policies

The Company did not adopt any new accounting standards during the period ended March 31, 2017

b) Accounting Standards, Interpretations and Amendments to Existing Standards that are not yet effective

The following pronouncements issued by the IASB that are not yet mandatorily applicable to the Company together with an assessment of the potential impact of such pronouncements on the Company when adopted in future periods are discussed below.

IFRS 9: Financial Instruments and associated Amending Standards (applicable to annual reporting periods beginning on or after January 1, 2018) addresses the classification, measurement and de-recognition of financial assets and financial liabilities and introduces new rules for hedge accounting. In December 2015, the IASB made further changes to the classification and measurement rules and also introduced a new impairment model. These latest amendments now complete the new financial instruments standard. The directors anticipate that the adoption of IFRS 9 will not have a significant impact on the Company's financial statements.

IFRS 15: Revenue from Contracts with Customers (applicable to annual reporting periods beginning on or after January 1, 2018) replaces IAS 18 which covers contracts for goods and services and IAS 11 which covers construction contracts. The new standard is based on the principle that revenue is recognised when control of a good or service transfers to a customer – so the notion of control replaces the existing notion of risks and rewards. The directors anticipate that the adoption of IFRS 15 will not have a significant impact on the Company's financial statements.

IFRS 16: Leases (applicable to annual reporting periods beginning on or after January 1, 2019) introduces a single lessee accounting model that eliminates the requirement for leases to be classified as operating or finance leases. The main changes introduced by the new Standard are as follows;

- recognition of right-to-use asset and liability for all leases (excluding short term leases with less than 12 months of tenure and leases relating to low value assets);
- depreciation of right to use assets in profit or loss and unwinding of the liability in principal and interest components;
- inclusion of variable lease payments that depend on an index or a rate in the initial measurement of the lease liability using the index or rate at the commencement date;
- application of a practical expedient to permit a lessee to elect not to separate non lease components and instead account for all component as a lease;

The transitional provisions of IFRS 16 allow a lessee to either retrospectively apply the Standard to comparatives or recognise the cumulative effect of retrospective application as an adjustment to opening equity on the date of initial application.
The directors anticipate that the adoption of IFRS 16 will not have a significant impact on the Company's financial statements.

The recoupment of costs carried forward in relation to areas of interest in the exploration and evaluation phases is dependent on the successful development and commercial exploitation or sale of the respective areas.

a. Tankoro Permit, Burkina Faso

In early 2011, a subsidiary of the Company entered into an option agreement to acquire the Tankoro permit ("the Property"). The subsidiary had the right to earn up to a 100% interest with a trailing 1.5% Net Smelter Return ("NSR") royalty, which the subsidiary had an option to acquire for $1 million at any time after it had taken ownership of the permit. On November 2, 2012, the subsidiary exercised its option to acquire ownership of the Tankoro permit. Pursuant to the agreement with the vendor, the vendor retains the right to a 1.5% NSR for any future mineral production from the Property. The subsidiary retains the right to acquire the NSR for $1 million at any time. On March 23, 2013, the Burkina Faso Ministry of Mines and Energy issued the exploration permit. The current term expires December 17, 2017 with the ability to extend for a further three year term by application to the Ministry of Mines and Energy.

The Company is responsible for ongoing annual expenditure commitments of $146,524 required by the Government of Burkina Faso.

b. Fee received from earn-in agreement

During the quarter the Company received fees of $803,607 as part of an earn-in agreement (the "Agreement") with Acacia Mining plc entered into in December 2014. In accordance with the Company's accounting policy, the fee has been allocated to the carrying value of each permit on the basis of each permits carrying value when compared to the total carrying value of the seven permits subject to the Agreement.

Details of issues of common shares

On February 16, 2017 The Company introduced an incentive program designed to encourage the early exercise of up to 10,361,183 warrants originally issued between May 30 and July 4, 2014 and exercisable at C$0.20. As an incentive to exercise early the Company offered one half of one warrant exercisable until March 17, 2019 at a price of C$0.35 to those warrant holders who exercised their original warrants prior to March 17, 2017.
Upon completion of the incentive program, an aggregate of 7,263,333 warrants had been exercised, resulting in gross proceeds to the Company of C$1,452,666.60. In connection with the incentive program, the Company issued an aggregate of 3,615,040 incentive warrants, exercisable until March 17, 2019 at a price of C$0.35

On February 17, 2017, 50,000 warrants issued in June 2016, exercisable at C$0.20 and expiring June 2018, were exercised for total proceeds of C$10,000

On March 24, 2017, 100,000 options, exercisable at C$0.10, were exercised for total proceeds of C$10,000

(c) Company Stock Option Plan

The Company has a stock option plan (the "**Plan**") that provides for the issuance of up to 10% of the issued and outstanding shares of the Company. The board of directors is authorised to set the exercise price, expiry date, and vesting provisions for each grant, subject to the policies of the TSX Venture Exchange. The plan provides for a maximum grant period of ten years. Options can be exercised at any time prior to their expiry date.

Details are as follows:

Grant Date	**No.**	**Exercise Price**	**Expiry Date**
January 31, 2013 (fully vested)	927,500	0.80	January 31, 2018
December 14, 2014 (fully vested)	300,000	0.10	December 30, 2017

	9,747,500		

100,000 options have been exercised in the three month period ended March 31, 2017 (period ended March 31, 2016: Nil).

(d) Stock-Based Compensation

For the period ended March 31, 2017, the expense incurred relating to stock-based compensation was $122,028 (2016: $33,947).

Expressed in United States Dollars unless otherwise stated

For the quarter ended March 31, 2017, the Company granted stock options to its directors, officers, employees and consultants and estimated the stock based compensation as follows:

	January 5, 2017
Total options granted	4,995,000
Exercise price	C$0.20
Estimated fair value of compensation recognised	$287,806
Balance to be recognised over remaining vesting period	$165,778
Estimated fair value per option	$0.02

The fair value of the stock-based compensation recognised in the accounts has been estimated using the Black-Schöles Option-Pricing Model with the following assumptions:

	January 5, 2017
Risk-free interest rate	0.74%
Expected dividend yield	0%
Expected stock price volatility	105%
Expected option life in years	3 years

The share price volatility is based on historical data and reflects the assumption that historical volatility over a period similar to the life of the option is indicative of future trends, which may not necessarily be indicative of exercise patterns that may occur.

(e) Warrants

The Company has issued warrants as part of its capital raising programs. The details of all warrants still on issue are detailed below.

Warrant issue	**Total Warrants Issued**	**Exercise Price (C$)**	**Estimated fair value of warrants (i)**	**Estimated fair value per warrant**
